

Applications for the
National Junior Honor Society
go live next week!

Who is eligible for NJHS?

At Fox Ridge Middle School, in accordance with national standards set by NJHS, eligibility is determined by cumulative grade point average (GPA) and citizenship marks. Students in 7th or 8th grade with an eligible cumulative GPA will receive an application during their advisory class the week of October 8. Students must fill out the information sheets on the application to provide us with additional information regarding the student's accomplishments in the areas of leadership, service, citizenship, and character - the standards of the National Junior Honor Society.

Students can come get more information and ask questions during the NJHS information session after school on **Tuesday, October 9**.

For more information, please contact Marisa Horn at mhorn5@cherrycreekschools.org. We will be posting meeting dates soon.
